

National Weather Service Grand Rapids

Open House

Saturday October 9th 2010 10AM - 4PM

Get a behind-the-scenes look at how NOAA meteorologists and hydrologists at the National Weather Service Grand Rapids Forecast Office use cutting edge technology to provide critical weather forecasts, quality warnings and data you can trust - when you need it most!

Meet key National Weather Service partners:

- Emergency Management
- First Responders
- Amateur Radio
- Local TV stations
- U.S. Forest Service
- U.S. Geological Survey
- Great Lakes Environmental Research Lab
- Kent County Road Commission
- Kent County Airport Operations

Visit our website...www.weather.gov/grr
for more information.

Guided tours, weather presentations, and special weather balloon releases are just some of the exciting activities planned!
